

GREAT PLAINS Moving and Storage since 1896 Agent for North American Van Lines

Great Plains Moving & Storage, one of the oldest agents for North American Van Lines, has been providing clients with professional, reliable, and expert service for over **100 years**.

Our services encompass relocating **residential/household goods, office and high value products** (STI is another area of our business) such as your research labs and other high value equipment/products.

We coordinate moves for individuals, families and corporate clients originating from anywhere in the world. To ensure greater efficiency, effective communication and customer responsiveness **we centralize all communication and administration and manage your move "door to door" through a "single point of contact"** from our headquarters here in Denver.

Great Plains' network of branches, agencies, industry partnerships, and affiliations extends across the States and throughout the world, making it a truly global reach. With access to 500 North American Agents here in the States we have access to a total of **1000 North American Agents and partners worldwide**.

Our **Worldtrac Satellite** and **Global Com Tracking Systems** and our staff of **Relocation Coordinators** pay attention to all your details of a relocation.

Great Plains has **twice been honored as a group of 12 finalists in Colorado with the Ethics in Business Award**. North American has honored the company with numerous service and quality and safety awards. **It is with great pride that for the past 12 Great Plains donates all the storage, transportation and warehousing services for Denver's Race for the Cure yearly Breast Cancer Event.**

The majority of Great Plains' business is by repeat or referral

To ensure effective communication, our Denver office will coordinate all relocation services for the **Faculty, Staff, Family & Friends of Colorado State University**.

Simply contact your Corporate Services Coordinator below for your: **Priority Client Status, Special Corporate Discounts and Benefits and up to 100,000 of Free Full Protection.**
